### ***Transitional Sheltering Assistance (TSA)***

The [Transitional Sheltering Assistance](#) program provides short-term hotel stays to survivors who were displaced from their homes and need shelter while they look for longer-term housing.

- As of Oct. 12, there were **444 households** (1,293 total household members) checked into TSA-participating hotels.
- Survivors will be notified of their eligibility through an automated phone call, text message, and/or email depending upon the method of communication they selected when they registered for assistance. Or call the disaster assistance helpline at **800-621-3362** (voice, 711 or VRS) or **800-462-7585 (TTY)**.
- Transitional Sheltering Assistance is a *sheltering* option using participating hotels/motels to help fill a gap *until* survivors identify short or long-term *housing* solutions.
- TSA is available to eligible survivors whose pre-disaster primary residence is in one of the following *nine* counties: ***Brunswick, Carteret, Columbus, Craven, Jones, New Hanover, Onslow, Pender or Robeson.***
- Survivors who do not have the option to return home and are unable to have their housing needs met through insurance, congregate shelters, or rental assistance provided by FEMA or another agency (federal, state or voluntary) may be eligible for TSA.
- Survivors will be notified of their eligibility through an automated phone call, text message, and/or email depending upon the method of communication selected when they registered for assistance.
- To locate participating hotels, visit **DisasterAssistance.gov**, scroll down to the Quick Links section, and click on “***Transitional Sheltering Assistance Hotel Locator.***” You can also call the disaster assistance helpline at **800-621-3362** (voice, 711 or VRS) or **TTY 800-462-7585**.
- Continued eligibility is determined on an individual basis. When eligibility for a particular household ends, those survivors will be notified seven days prior to their checkout date.
- FEMA provides rental assistance, home repair assistance and other forms of housing to help eligible survivors transition from TSA to a short or long-term *housing* option.

### ***Direct Temporary Housing Assistance***

- Based upon the needs identified by the State of North Carolina, FEMA is providing two forms of Direct Temporary Housing Assistance in **10** counties: **Brunswick, Carteret, Columbus, Craven, Duplin, Jones, Onslow, Pender, New Hanover and Robeson.**
  - *Travel Trailers* provide a timely, effective interim solution for most households with a high degree of confidence that repairs to their home can be completed in less than a year, ideally within six months.
  - *Manufactured Housing Units* (MHUs) provide a longer-term solution for survivors whose repairs will take longer to complete due to greater degree of damage.
- These units are used only when rental resources are not available in the area.
- **FEMA contacts households that may qualify for a travel trailer or MHU** to conduct a pre-placement interview to determine whether the applicant needs direct housing and, if so, what type of housing. This determination is based on the size and needs of the household, including any people with disabilities or other access or functional needs.

- FEMA specialists work closely with displaced survivors on their housing needs and keep them up-to-date on program details and deadlines with face-to-face meetings, phone calls and letters. Survivors also have access to a toll-free helpline to help them as they make plans for permanent housing.
